<p><b>SITE UTILITIES.</b> The installation of on-site utility services including but not limited to, water, gas, electrical and sewer systems and connections thereto which are necessary for the normal occupancy of a manufactured home.</p>		
REASON AND FISCAL IMPACT		
<p><b>REASON:</b> These portions of a manufactured home installation are not included within the parameters of the Indiana MH Installer Licensing program. Therefore, for clarity should be defined separately from the definition of manufactured home installation. This amendment will clarify MH installation for both the builder and the local building official.</p> <p><b>FISCAL IMPACT:</b> None. The Indiana MH installer licensing program has been in effect since 2003.</p>
